## **Homes for the Holidays: Add a Furry Friend to Your Family This Season**

*Consider Adoption First – Animal Shelters Across the East Bay Are Ready to Help*

Oakland, CA – December 11, 2024 -- Just like shelter animals, no two homes are the same, but every family can benefit from having a pet. That is why this holiday season all twelve East Bay animal shelters are coming together with one simple message – that there has never been a better time to open your heart and your home to a new pet.

Adopting from a shelter has many benefits, including that all available animals have already received medical check-ups, have been vaccinated, spayed or neutered, and microchipped.

Local shelters also have a pet that is perfect for your family's lifestyle. Whether you're looking for a playful puppy or a calm adult dog, or perhaps a kitten that can grow up with your children, shelters offer a variety of animals of all ages, sizes, and energy levels – there are hundreds of animals waiting to meet you.

Most importantly, adopting saves lives and helps address the growing shelter population. Since the pandemic, many East Bay shelters have seen an influx of animals, including purebred and mixed-breed dogs and cats, seeking loving families.

### **12 Shelters Ready for Adopters**

The 12 shelters across Contra Costa and Alameda counties are open and ready to welcome adopters this holiday season. Each shelter may offer different pricing and promotions, but they all share the same mission: to find loving homes for every animal in their care. While these animals will be cared for and loved, there's no place like a real home, especially during the holidays.
